To whom it may concern

Daniel Díaz Vidal worked in 2005 as professor for the *Comparative Economic Systems* course for I.S.A. students in Seville.

Throughout the academic period Daniel Díaz Vidal showed his teaching ability, written and verbal communication skills, organizational ability and moreover professionalism as it was reflected in the course evaluations. The entire faculty agrees that he is without a doubt one of the most talented professors we had the possibility to work with.

I, thus, recommend Daniel Vidal to any educative institution with great certainty that both students and the instition will be enriched with his charisma, sound background, knowledge and enthusiasm. Upon request, I would be happy to facilitate more information.
